GrantSwarmer helps you **find new grants opportunities, find new research collaborators, and get advice from your colleagues** throughout the Harvard universe.

News Feed

Here's what's new on GrantSwarmer right now:

Ainsley Stafford has joined the Thermogenesis Grant project.
Yesterday

17 new grants added to Grants Search, 4 matching your profile.
Tuesday

Brady Doverspike uploaded Specific Aims to the Thermogenesis Grant project.
Tuesday

New discussion in Advice Forum: Help writing my R01 (7 replies)
Tuesday

My Projects

Use a GrantSwarmer project to build a research team and collaboratively write your grant application. Projects provide task management, document management, discussion groups, and team management.
Learn more...

- Thermogenesis Grant
- Brown Fat Manuscript

Project Invitations

Alton Gorelson invited you to the Biosurveillance Grant project.

> Ut wisi enim ad minim veniam, quis nostrud exerci tation ullamcorper suscipit lobortis nisl ut aliquip ex ea commodo consequat.

Offer: Brown Fat Specialist

Assistant Professor · Brigham & Women's Hospital

My research focuses on brown fat metabolism in mice and the mechanisms by which ita can be regulated. I commonly use microarray analysis and uncoupling agents in my work.

Lorem ipsum onsectetuer adipiscing elit, sed diam nonummy nibh euismod tincidunt ut laoreet dolore magna aliquam erat volutpat.

Title ▼	Amount	Type	Due Date
☆ Behavioral and Social Research on Disasters and Health	$100,000	R03	27 Feb 2009 *3 days left*

The purpose of this FOA is to stimulate research in the behavioral and social sciences on the consequences of natural and man-made disasters for the health of children, the elderly, and vulnerable groups, with an ultimate goal of preventing and mitigating harmful consequences and health disparities. Disasters include severe weather-related events, earthquakes, attacks on civilian populations, technological or perceived catastrophes, and influenza pandemics.

2 comments · Save to Grants List · E-mail to a colleague

★ Indo-U.S. Vaccine Action Program (VAP) Small Research Grant Program	$75,000	R03	16 June 2009 *15 weeks left*

The goal of the VAP is to support collaborative vaccine-related research projects that ultimately reduce the burden of infectious diseases of importance in India, the U.S., the South Asian region and globally.

What is RSS?

RSS (Really Simple Syndication) allows you to easily stay informed by retrieving the latest content from the sites you are interested in, like the results of your saved grants searches. You don't have to visit the original site or sign up for any mailing lists.
Many news-related sites, blogs and other online publishers syndicate their content as an RSS Feed to whomever wants it.

Start using RSS with any of the following RSS readers or news aggregators.

Recommended RSS Readers

- Microsoft Outlook
- Google Reader
- Bloglines

Indo-U.S. Vaccine Action Program (VAP) Small Research Grant Program

Scientific cooperation between India and the U.S. has taken place under a variety of bilateral umbrella agreements, including the Indo-U.S. Science and Technology (S&T) Sub-Commission, the Gandhi-Reagan S&T Initiative, the U.S.-India Fund, and the current S&T Cooperation Agreement. Building upon these agreements and initiatives, representatives of the United States and the Government of India signed a Memorandum of Understanding on July, 9 1987 implementing the Indo-U.S. Vaccine Action Program (VAP) in order to expand collaborative vaccine research. The goal of the VAP is to support collaborative vaccine-related research projects that ultimately reduce the burden of infectious diseases of importance in India, the U.S., the South Asian region and globally.

You have been invited to the **Thermogenesis Grant** project by **David Young**. To join the project, please select or upload your required grant forms.

Choose your biosketch

| Biosketch March 2009 | ▼ |

Choose your other support form

| Select one later | ▼ |

Choose your lab resources form

| Upload a new version... | ▼ |

| c:\documents\forms\labres.pdf | | Browse... |

[Join Project]   [Decline]

To complete your grant application, you will need to provide a biosketch, an other support form, and a lab resources form. You may:

- choose **an existing version** you have already uploaded
- upload **a new version** now
- select one at **a later date**
- or indicate that the form is **not applicable** given your involvement with this project

If you opt to select a form later, GrantCentral will send you periodic reminders.
